

PROJECT PROFILE

Christ's Children's Chapel
Shreveport, LA

Original Cupola
Mittenwalt, Germany

Replica by
Fiberglass Specialties

Christ's Children's Chapel was built by Allen Dickson in 1993 as a chapel for the children of his company's employee day care program. For the building's bell tower and cupola, Mr. Dickson wanted a replica of a bell tower in Mittenwalt, Germany. He supplied Fiberglass Specialties with still photos and videotape of the original. From these photos, the replica was designed and fabricated at the factory in Henderson, Texas, then shipped to the jobsite, where

"Manufacturers of Quality Architectural Fiberglass Products"
